After breakfast, depart for the Arenal Volcano in Costa Rica's heartland. The impressive Arenal Volcano is a magnificent natural wonder that attracts thousands of tourists who come to see an active volcano that had previously been assumed to be dormant, until in 1968, when to everyone's amazement it experienced a major eruption.

On the way to the Arenal Volcano there will be a stop in the famous town of Sarchi, known as the birthplace of Costa Rica's Artisans. In Sarchi, you can see many of the handicrafts that Costa Rica has to offer, as well as the the world largest ox cart.

The journey will then continue, traversing diverse plantations with agricultural products, including pineapple farms, and mango groves, ornamental plants and cattle ranches until arriving at the small town of La Fortuna. Here we stop and enjoy an included lunch at a cozy restaurant with a magnificent view of the volcano.

Then you will go on to relax at one of the best hot springs in the area where you will revel in the cleansing and rejuvenating effects of the thermal waters. Tabacon is nestled at the base of mighty Arenal with a view of the Volcano towering in the background. Here, thermo-mineral springs flow from Arenal through a maze of pools, waterfalls and exotic tropical gardens.
