Experience both Zion National Park and Bryce Canyon, two of the most stunning places on earth in one unforgettable day and evening! After an included breakfast, our private coach takes us to Zion National Park to experience the striking sandstone cliffs that tower above the valley floor of the park. Your journey will allow you to see highlights of Zion including a stop at the visitor center, a scenic drive along the canyon walls pass and through the mile-long tunnel, along with a stop at Checkerboard Mesa. You'll understand why Zion has become one of the most visited of our National Parks. After lunch on your own, we will continue on to Bryce Canyon National Park. Enjoy the incredible natural amphitheater of Bryce Canyon. Walk the rim trail and enjoy stunning views of the unique hoodoos and landscapes. Then take a memorable hike down into the canyon to get a closer look at the amazing formations. After an included dinner at the Cowboy's Buffet and Steak Room, embark on a stunning stargazing adventure over Bryce Canyon. Discover the glimmering field of stars after a radiant-colored sunset on the hoodoo horizon. In 2019, Bryce Canyon National park officially gained International Dark Sky status. Bryce Canyon's high elevation, clean air, and remote location creates some of the darkest skies in the country. On a clear night, you'll be awestruck by the number of shining stars and the swirling Milky Way that can be seen stretching from one end of the sky to the other.

You will visit Antelope Canyon X, which includes two sections of slot canyons to walk through and marvel at. After lunch on your own, visit Horseshoe Bend overlook, where you will stand 1,000 feet above a scenic horseshoe turn in the Colorado River. This is another amazing photo opportunity in a beautiful day you will always remember. The walk to the overlook is a 1.5-mile round trip walk over sand on a flat walking path. Proceed to nearby Page, Arizona. Upon arrival, check into the hotel and then you'll be transferred to the Red Heritage Dinner Theater where you will experience an evening of culturally inspired food and an unforgettable show where you will learn about our Native American heritage through captivating songs and dance with flute playing and drum music.
